

# STEM Story Graphic Organizer

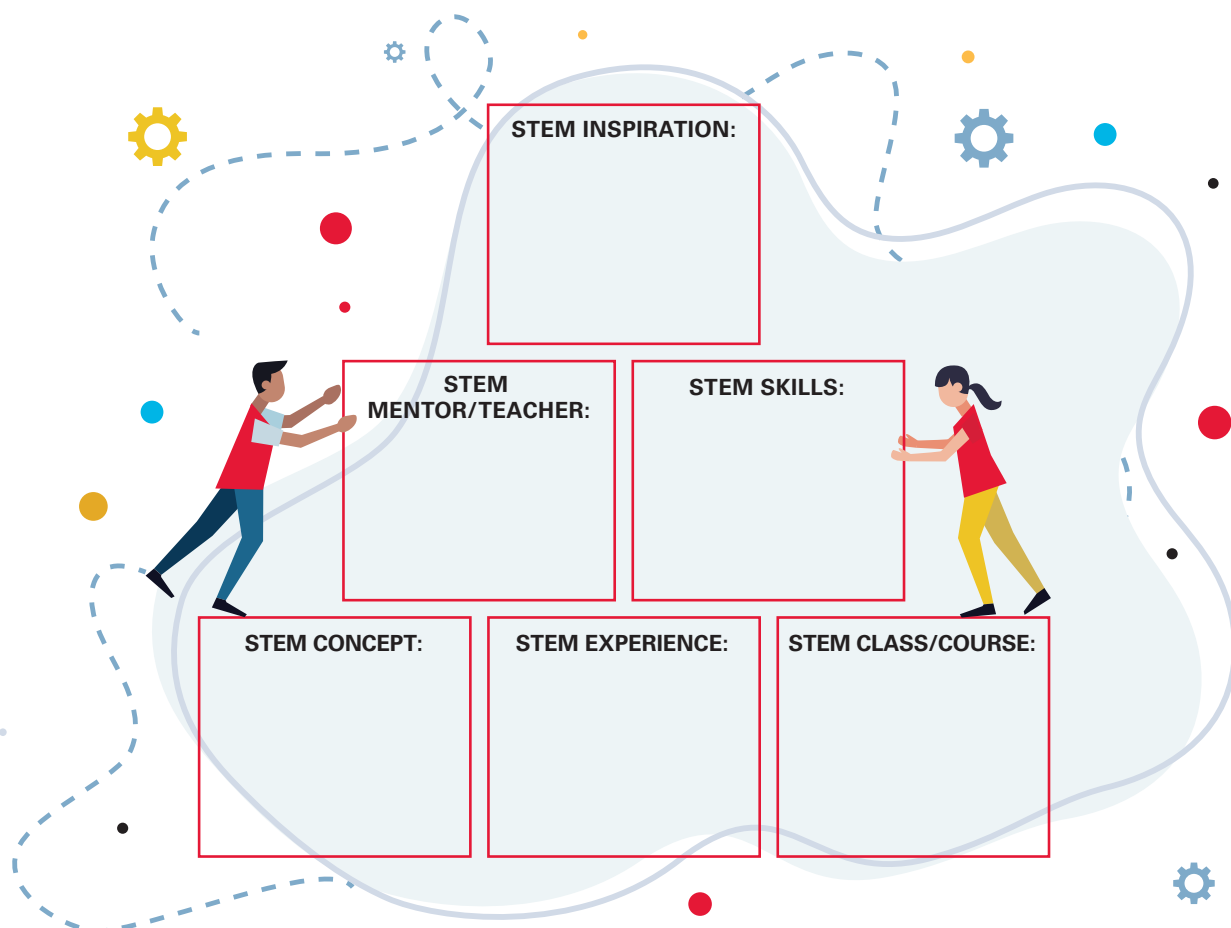

Use the two graphic organizers to describe your STEM interests to date and your future aspirations.

## Your STEM Story

Think about your STEM-related life experiences, and use those experiences to tell your STEM story.

### Example STEM Story Blocks:

- STEM Inspiration — Noticed my peers don't recycle
- STEM Skill — Learned how to use a microscope
- STEM Mentor — Aunt helped me with my science project
- STEM Experience — Got an engineering internship

# STEM Story Graphic Organizer

## Your STEM Story Aspirations

What STEM story blocks do you hope to add to your own STEM story in the future? Fill in organizer to plan your next steps. Think of it as a road map for your long-term STEM goals.

### Example:

- STEM Concept: Learn about mechanical advantage
- STEM Career: Become a hydrologist.

The graphic organizer is a light blue grid with a white border. It is divided into four quadrants by a vertical and a horizontal line. The top-left quadrant is labeled "STEM CONCEPT", the top-right is "STEM EXPERIENCE", the bottom-left is "STEM INSPIRATION", and the bottom-right is "STEM CAREER". To the right of the grid is a yellow pencil. Below the grid is a yellow ruler and a red compass.
