

Regeneron ISEF D&S Graphic Credit Guidance

The following document is intended to provide examples of proper graphic citation according to the ISEF Display & Safety Rules:

- ALL graphics that are created by the Finalist MUST BE properly cited individually using statements such as “Photo taken by Finalist”; “Image created by Finalist using . . .”; Graph created by Finalist using . . .”; Chart created by Finalist using . . .”; or “Data Table created by Finalist”; “Logo created by Finalist.”
- ALL graphics not created by the finalist(s) MUST BE properly cited individually (APA format is preferred). If the graphic was obtained via the Internet then a URL must be provided (digital object identifiers are acceptable in place of long URLs). This applies even if the license under which the graphic was obtained does not require credit or citation.
- A citation must be provided alongside the graphic or in a vertically displayed reference list.
