

# How to Request a Block for 9 or More Rooms

Start by selecting the Fair Hotel Room Block Request button

1

## Welcome to the 2026 Regeneron International Science and Engineering Fair Hotel Reservation Portal!

In order to ensure that our attendees have access to double-bedded rooms, Society for Science has contracted every double-bedded room at the properties listed on this site. Any other website or housing portal offering double bedded rooms do not actually have those to sell. Double-bedded rooms can only be secured at these properties through Maritz.

Keep in mind, only Maritz, the event's contracted official housing company, is authorized to use any likeness of the event, claim partnership with, and allowed to book within the event official hotel block. Reservations made through any company other than Maritz are at your own risk. If you are contacted by anyone other than Maritz, please notify the event organizer immediately! Do not provide any personal or financial information to another housing vendor claiming to have rooms for the event. Communication is key in order to avoid room piracy. Our goal is to keep you safe.

## 2026 Regeneron ISEF Hotel Room Block Request

[Dashboard](#)

Welcome to the hotel room block request portal. Please be sure to include all rooms/accommodations your fair(s) will need.

**Cancellation Policy:** Beginning **Monday, March 16, 2026**, any rooms released will be subject to a **cancellation fee of \$50** from the ISEF Housing Bureau. This fee is above and beyond or in addition to, any cancellation fees that may be assessed by the individual hotels.

**Name Deadline:** All rooms must have names assigned by Wednesday, April 8, 2026. If this is not possible, please contact the Group Coordinator at [ISEFgroups@maritz.com](mailto:ISEFgroups@maritz.com) for assistance.

Please be advised the maximum number of rooms you will be able to request for Phoenix 2026 may not exceed the number of rooms you actually used in Columbus 2025. If you need to request a block larger than in previous years, please contact the Group Coordinator at [ISEFgroups@maritz.com](mailto:ISEFgroups@maritz.com) to request approval.

**Hotel Incidental Holds:** Hotels may require a room deposit per room per night on top of the room rate, otherwise known as an incidental hold. If no incidentals occur during your stay, your card will be credited accordingly within 7-10 business days upon check out.

**Attendees Per Room:** As part of the Society for Science's efforts to enhance attendee safety, the Society **does not** encourage students sharing beds. If you wish to place more than one (1) student in a room, Society for Science suggests placing students in rooms that have 2 beds. If a room with two (2) beds is not available at a particular hotel, please select another hotel that has rooms with two (2) beds available. At no time should unrelated adults be sharing rooms or beds with minors.

**Requests for rollaway beds are not guaranteed and cannot be utilized in a room with two beds.**

Please select your preferred hotels from the list below. If you would like to unselect a hotel, click the x in the "Your Hotel Preferences" list. Prioritize your hotel choices by using the arrow buttons. When you're satisfied with your selections, click "Next."

A minimum of 10 hotel choices is required.

The rates displayed below are based upon single/double occupancy and do not include the sales tax for Phoenix, AZ. Taxes are subject to change.

We do our best to accommodate your preferences, but you may not be assigned your top choice hotels. Blocks are fulfilled in the order as they are received, as well as the availability of rooms at that time.

All hotels in the official 2026 Regeneron ISEF block will have complimentary Wi-Fi. In some cases, guests may be required to enroll in the hotel's loyalty program to access the complimentary service.

Dear Lauren:

Your block request has been fulfilled. In order to finalize your room block for Regeneron ISEF 2026, you must submit a credit card in order to guarantee your rooms.

By guaranteeing your block, you are committing to use **ALL** of the rooms you have requested. It is the Society's expectation that you will honor this commitment. You may make adjustments to your block up until Sunday, March 15, 2026. As of Monday, March 16, 2026, your block will be considered finalized, and you will be responsible for all rooms in the block. **Not using all rooms in the block will result in penalty fees equal to \$50 per room for each unused room.** These fees are in addition to any fees that may be imposed by the hotel. Your ability to request blocks in future years will also be restricted based on the number of unused rooms this year.

Guest names for your reservations will need to be added to each room on the website by Wednesday, April 8, 2026. (If this is not possible, please contact [ISEFgroup@maritz.com](mailto:ISEFgroup@maritz.com) for assistance).

After submitting, Maritz will assign your group to a hotel. You will then receive an email prompting you to guarantee your block

**Reminder:** Maritz is the Official Housing Provider for 2026 Regeneron International Science and Engineering Fair. Improper solicitation of hotel reservations from any company other than Maritz is not approved. Reservations made by unaffiliated organizations may appear to have lower rates, however they may be illegitimate, not have the rooms to sell, have unreasonable cancellation or change penalties, or be completely non-refundable. Please be aware of, and report any unauthorized solicitation to Society for Science or Maritz.
