

Meron Mathias

Vice President
Corporate Social Responsibility &
Sustainability
Thermo Fisher Scientific

Meron Mathias is the Vice President of Corporate Social Responsibility and Sustainability at Thermo Fisher. Since 2020, she has shaped the company's responsible business and impact reporting efforts. Before joining Thermo Fisher, Meron worked in international development advancing women's empowerment, education access and water security around the world. A lifelong champion of inclusion and belonging, Meron actively participates in multiple Thermo Fisher business resource groups including Women's Empowerment BRG and African Heritage BRG. Meron holds an MBA from George Mason University and a BS from William and Mary.
